YOUR TRUSTED DSAR SOLUTION FOR EVERY SUBJECT ACCESS AND DELETION REQUEST.

DATA SUBJECT ACCESS AND RIGHT TO BE FORGOTTEN REQUESTS FROM EMPLOYEES AND CUSTOMERS ARE A MAJOR CHALLENGE FOR DATA PROTECTION TEAMS – AND YOU CAN'T AFFORD TO GET IT WRONG. DISCOVER, ANALYSE, AND PROTECT ALL TYPES OF PERSONAL DATA WITH OUR AUTOMATED DSAR SOLUTION. FAST, EXACT, AND GDPR COMPLIANT DATA REQUEST HANDLING, EVEN IN THE MOST COMPLEX CASES. POWERED BY AIIMI INSIGHT ENGINE.

DISCOVER.
Discover all personal and sensitive data wherever it lives in your business, so you can respond to incoming requests fast, and with confidence that nothing gets missed.
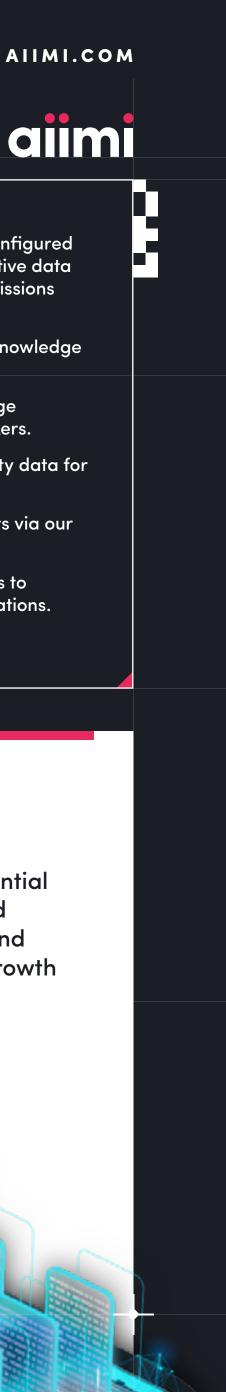

MANAGE.
Avoid workflow bottlenecks and rapidly process responses in collaboration with your team. Our dashboard, checklists, and policy templates make compliant responses simple.

AUTOMATE.
Reduce review time, remove human error, and restrict inadvertent data breach with intelligent data redaction tools for complete compliance that protects third-party data, across all file types.

HOW IT WORKS.

ALWAYS ON, THE AIIMI INSIGHT ENGINE NEVER STOPS DISCOVERING AND INTERCONNECTING YOUR UNSTRUCTURED AND STRUCTURED DATA. WITH VISIBILITY OVER YOUR WHOLE DATA PICTURE, YOU CAN FIND AND SHARE THE EXACT PERSONAL AND SENSITIVE DATA YOU NEED FOR LIGHTNING-FAST RESPONSES AND ERASURES.

▶ Automate search and discovery, with pre-configured settings to find the exact personal and sensitive data you need when you need it and access permissions enforced in-platform to keep data secure.

▶ Create collections to support collaborative knowledge sharing to keep your teams on track.

▶ Email and in-platform alerts for second-stage reviewers to instantly troubleshoot any blockers.

▶ Automatically pinpoint and redact third-party data for responses you can have confidence in.

▶ Disclosure responses directly to data subjects via our secure portal.

▶ Keep track of your responses with audit trails to support your data subject or ICO communications.

With more than 300,000 customers connected to our full fibre network, an efficient and scalable data risk mitigation posture is absolutely essential for Gigaclear. Aiimi is clearly aligned with our data management needs and will future-proof Gigaclear as our growth journey continues to accelerate.
